AC Communication
Hey Mark –

Would you mind taking a look through the website update that we're hoping to release next Tuesday? It'll be ideal to provide the language to Bill Cooper with OCPI by Monday afternoon. Sorry for the short notice.

The website is: <http://www2.epa.gov/region8/columbia-falls-aluminum-reduction-plant>

We're planning on posting the FR notice, and support letters from Gov Bullock and Columbia Falls Mayor Barnhart. The update mentions other letters as well, but we don't intend to post them after additional consideration.

Thanks,
Rob

Rob, I did a cursory review, and attached are my edits. I'm going to take a hard copy home with me and take a better look over the weekend. I'll get back to you and Bill before I leave on Monday if I find anything else.

You might want to run this by Mark before we go live, too.

Thanks!

Cynthia Peterson

Subject: Website Update

Hi Bill and Cynthia –

I've attached an update for the Columbia Falls Aluminum (aka Anaconda Aluminum) website. I've tracked changes from the current web page. Please take a look and provide any feedback you have. Under the site documents section, I've

proposed adding the FR notice and letters of support. The letters can be found here: [I:\30 Day Share\Parker\Columbia Falls Aluminum\Website Documents](#)

The Federal Register Notice is not yet available; I will let you know when it is available.

Bill - Is it possible to have the website set up in a staging area and then make it live when we send out a press release next Tuesday?

Thanks,
Rob
